IAN WOOD

Johns Creek, GA 770-656-1244 ian.albert.wood@gmail.com

I am a highly motivated high school student that is seeking to pursue a career in the field of computer science, ideally with an emphasis on full stack web development, computer networking, and robotics. I have 4 years of experience in web design and robotics from working on personal projects and seek to apply those skills to a job that not only lets me contribute and make myself valuable, but also grow my skillset even more.

WORK EXPERIENCE

Dining Room Attendant

05/2019 to 08/2019

El Porton Mexican Restaurant

11950 Jones Bridge Rd, Johns Creek, GA

In this job I primarily cleaned tables, brought chips to guests, and worked the front of the restaurant. This job required good communication skills as handling customers was a constant part of the job.

Window Cleaner

06/2020 to 08/2020

Fish Window Cleaning

Alpharetta, GA

Working as window cleaner my workflow was generally very autonomous. I would receive a list of invoices for businesses that I would need to clean and I would get as many done as possible that day. Working this job required a great amount of independence and a strong ability to adapt to different work environments.

Math/Computer Science Tutor

08/2019 to Present

Over the past two years, I have tutored students in both math and computer science. For computer science tutoring I was required to have a strong understanding of Java concepts and also create lesson plans, which required good communication skills and a strong understanding of how to teach others effectively.

SKILLS

FTC Robotics Design - 4 years

Front End Web Development (HTML, CSS, JavaScript) - 3 years

Full-stack Web Development (MongoDB, Express.js, React, Node.js) - 1 year

Java (specializing in JavaFX) - 3 years

Python (specializing in libraries such as Pandas, NumPy, Scrapy) - 2 years

EDUCATION

Chattahoochee High School

High school or equivalent

5230 Taylor Road, Johns Creek, GA

08/2017 to Present

Georgia Institute of Technology

Courses taken: Math 1554, Math 2551

08/2020 to Present

AWARDS

UGA Certificate of Merit

04/2020

This award is given out by the University of Georgia to the top 5% of every junior class for each high school in Georgia.

CERTIFICATIONS / LICENSES

freeCodeCamp JavaScript Algorithms and Data Structures Certification

08/2020 to 02/2021

This is a certification granted by freeCodeCamp.org that represents the completion of a 300-hour course on JavaScript algorithms and data structures. Link to certification in Links section below.
